

## PROFESSIONAL PROFILE

I am a business owner and a Graphic & Web Designer based in Pordenone and Trieste, who loves clean, simple and unique design. I am a tireless seeker of knowledge. I specialize in creating beautiful, user friendly and professional websites developed with WordPress and using HTML and CSS. I also enjoy crafting logos, brand identities, brochures, catalogs, graphic elements and many other creative and illustrated works.

I am passionate about photography and in particular I like take photos about details.

I really love my job and I am very happy with what I do every day!
